16th Mediterranean Conference on Medical and Biological Engineering and Computing (MEDICON) & the 5th International Conference on Medical and Biological engineering (CMBEBIH)

organised by **Bosnia and Herzegovina Medical and Biological Engineering Society (DMBIUBIH)**, **Verlab Research Institute for biomedical engineering, medical devices and artificial intelligence** and co-organised by **University of Sarajevo**, **University of Banja Luka (Bosnia and Herzegovina)** and **University of Donja Gorica (Montenegro)**.

In the last year and a half, our lives have changed dramatically. We were forced to change how we live and spend our free time, how we work and how we interact with each other. While adjusting to imposed change is usually a hard process, this can also be an opportunity for us to embrace the things that changed for the better.
